## A Quarter Mile With Debbie

by **RICHARD ZAVODSKY**  
P.H.D.

There are many kinds of racing for an interested person to become involved in. One of the most accessible and closest type of racing is 1/4-mile drag racing. Because of this fact this is one of the most difficult types of racing in which to excel. New Boston resident Debbie Madej is the type of person that accepts this fact as a challenge.

Debbie spends her weekends at a 1/4-mile drag strip campaigning an altered 1923 'T,' front engine, supercharged, alcohol burning, 392 C.I.D., 1957 Chrysler Hemi. Debbie thrills the crowd with some great burnouts before taking this heart-stopper through the timing lights in 7.6 seconds at 184 m.p.h. She pilots this rocked sled with the grace of a ballet dancer to the delight of the crowd.

This lady of the drag strip success comes as no surprise. She is following in the footsteps of her engine-builder husband. Stan held the class record in 1969 at Detroit Dragway in a Chevy Nova.

Debbie honed her skills for this sport by attending Frank Hawley's Drag Racing School in Pomona, California. The significant elapsed times that she has achieved in the 1/4-mile are the result of a strong will and determination to win combined with continued practice and hard work. She is dedicated to becoming one of the fastest drivers in her sport as she visits the drag strips located in Milan, Columbus, Uby, and Pomona.

The cockpit of her machine gracefully accepts her petite 5'6" frame and waits impatiently as she buckles herself in to control the 1,500 super-

charged horses that are sitting in the Spitzer chassis. This crowd-pleasing pilot is the mother of four children. Carrie, Natalie, Rachel, and Jeremy are her biggest fans. They join the crowd in cheering her on as she inches her rocket closer to the timing lights. Indeed, this is a site to see as she waits for green to push her machine faster and faster with each pass.

Debbie's husband Stan built this heart-pounding combination of engine and drive train. He makes sure that everything is a "GO" for this great-looking car and driver of the "PMS" express as it prepares to make a seven-second or better run. Stan is assisted by their son Jeremy as he adds his racing knowledge to the success of his moth-

er's next run. They repeat this process six or seven times a day. The engine swallows six and a half gallons of fuel for each run.

Debbie's week before a race is spent in gainful employment at an Art Van furniture store. This employment does-

n't allow her to make use of her N.H.R.A. license. Her car of choice to get her to work is a Ford Mustang Cobra which is sometimes painfully slow when she thinks about her seven-second passes.

## Township Board Members Express Concerns

by **LARRY O'KELLEY**  
FREELANCE WRITER

The September 9th board meeting went by rather quickly without much controversy. For the last several meetings the members have been able to conduct their business in an orderly fashion and the meetings have lasted about one and a half hours.

However, the individual board members have also been taking the opportunity during their individual portion of the agenda, to express their concerns and repeat several complaints.

Clerk Bowers advised the board that Chrysler Corporation had made their tax abatement request for their new

# AL FRESCO

It seems that almost every restaurant has a salmon and pasta dish on their daily specials list. It always sounds

great, so you order it and when it comes it either has no taste or it is the worst thing that you've ever had.

This salmon and pasta recipe came to me out of frustration. There were always one or two things about each dish that I liked so I decided to create my own version.

The salmon in this recipe can also be prepared and served as an entree with side dishes instead of the pasta.

I have found that this dish is best served fresh and not reheated. It seems to take on a fishy taste that I find very offensive. So try not to make more than you can eat, unless you like the fishy taste.

The olives in this dish can be found in most markets as a self serve, so you can buy just what you need. They will have pits in them. If you have a cherry pitter, this works well, but if you don't have one then just carefully cut the olive

*Georgette Heron-Willoughby*

away from the pit.

Asiago cheese is not found with the pre-grated cheese, you can find it with the chunks of gourmet cheese. You will have to grate it yourself. If you don't want to purchase a cheese grater, you can use

your vegetable hand grater.

## Grilled Salmon Capellini

1 Salmon Fillet	1/2 Tsp. Garlic Powder
Marinade:	1/2 Tsp. Red Pepper Flakes
1/3 Cup Soy Sauce	1 Tsp. Tarragon
3 Tbs. Vegetable Oil	4 Tbs. Lemon Juice
3 Tbs. Worcestershire	Salt and Pepper
1/2 bag Angel Hair Pasta - Cooked	4-5 Calamata Olives - Pitted & Chopped
1/2 Cup Olive Oil	1 Cup Chicken Broth
1/2 Cup Butter	1/2 Cup White Wine
3 Cloves Roasted Garlic - Diced	1/2 Cup Lemon Juice
1 Med. Onion - Chopped	2 Tbs. Fresh Basil or 1 Tsp. Dried
1 Red Pepper - 3-in. Strips	Salt and Pepper
3 Tomatoes - Peeled & Chopped	1 Cup Asiago Cheese

Marinate Salmon 4 hrs. to overnight. Grill Salmon 8-10 min. per side. Debone and cut into chunks. Sauté garlic, onion and red pepper in olive oil and butter 'til tender crisp. Add tomatoes, olives, chicken broth, wine, lemon juice, basil, salt and pepper. Simmer 15 min. Toss salmon, pasta and sauce, heat 30 seconds, remove from heat and gently toss in cheese. Serve with more grated cheese.

A glass of Pinot Grigio and a nice salad will complete this meal. Serves 4.

# Bike Path Crossing Raises Concerns

Several meetings ago Township Board Trustee Jim Mason spoke before the board and expressed his concern over the bike path crossing at Waltz Road. He indicated that the crossing posed a danger to the bikers as well as the vehicles because of a blind spot.

The Huron River Weekly attended the recent dedication of the new bike path and we have remarked that the paths are a fine addition to the park system. However, we also recognize the danger the location

poses to bikers attempting to cross Waltz Road. Both the park representatives and the township superintendent have also expressed concern and have indicated they are in the process of correcting the problem.

We are confident that they will, but until steps are taken we are asking the community to be careful in the area. Local bikers need to be aware that just north of the crossing, Waltz Road curves and you cannot see oncoming automo-

bile traffic until the traffic is about 300 feet away. For traffic going north the curve makes it impossible to see the bike traffic until they have cleared the curve and are rapidly approaching the crossing.

There is a yellow bike warning sign for northbound traffic, but as you can see by the photo, the trees partially obscure the sign. By next summer we would expect the trees to further obscure the sign.

During the five minutes that

we watched the traffic flow, there was an average of eleven vehicles per minute that roared around the curve and past the crossing section just a few feet north of the park entrance. Of course, part of the problem was the increased traffic caused by the closure of I-275 and just about every vehicle was exceeding the speed limit.

While, we are certain the park system will devise a safer bike path for the Waltz cross-

ing, perhaps they could consider pushing Wayne County to lower the speed limit to 25 MPH, place a flashing "Bike Crossing" sign up and farther south of the current yellow metal sign. The park could also consider removing a number of trees along the edge of Waltz Road so a vehicle traveling north could have an adequate sight line.

David Alvin Lyons was born May 14, 1998 at Riverside Hospital, Trenton. He weighed two pounds, nine ounces, and was 15 inches long. After spending his first

25 days at University of Michigan Hospital, Ann Arbor. David's proud parents Drew and Faith (Jacobsen) Lyons and his proud big brothers Devin brought David to his new home in Waltz.

Proud grandparents are Dorothy Lyons and the late Alvin "Bud" Lyons, also of Waltz.

A special thank you for all

the prayers and well wishes offered to our family. David was baptized August 30, 1998 at St. John's Lutheran Church, Waltz. He is a true miracle to our family.

### Santina Complete Instrument Flight Instructor Certificate

(Grand Forks, ND) - UND Aerospace senior, Eric Santina, New Boston, Michigan, has received his Instrument Flight Instructor Certificate from UND Aerospace at the University of North Dakota.

"To earn his Instrument Flight Instructor Certificate, Eric successfully completed all the academic and flight lab requirements as established by the Federal Aviation Administration, and the University. Each certificate is a challenge to attain here at the University of North Dakota and Eric should be commended for his achievements," said UND Aerospace Dean John Odegard.

UND Aerospace, founded in 1968, is an international leader in aviation education and training.

## 13TH ANNUAL HURON APPLEFEST BEAUTIFUL BABY CONTEST

The 13th annual Huron Applefest Beautiful Baby Contest will be held October 3rd and 4th, 1998 at the Huron Applefest in Downtown New Boston. Photos of babies will be on display at the contest booth and you will be able to vote for a baby of your choice at this time. Votes are a penny each and the top two Boy and Girl vote getters will be declared winners at the closing of the festival. U.S. Savings Bonds will be awarded to the winners and all participants will receive certificates for participation. Money earned from this project is used towards community programs and projects throughout the year. Children must be no older than two years by October 4, 1998 to participate in this event. An entry form is located below, simply clip the form and return it with a color photo (no larger than 5x7) to:

BABy CONTEST

## 4 REASONS WHY YOUR CARPET WILL SHINE

When You Use

### Hildebrand Carpet & Upholstery Cleaning

1. **Thorough Cleaning** - Use the most thorough cleaning method there is. Some cleaning methods use chemicals that leave a residue on your carpet. That doesn't get the dirt out, it just covers it up. My method doesn't leave a residue and is very powerful. It cleans way down to the base so your carpet will look brand new again.
2. **Stays Clean Longer** - Since we clean all the way down to the base of your carpet, your carpet will stay looking clean longer.
3. **I use only certified technicians.** Each technician has been through extensive training on how to properly use our super equipment. If a technician isn't properly trained, your carpet won't get thoroughly cleaned.
4. **100% Money-Back Guarantee.** If you aren't thrilled with your carpet, I'll refund every cent. No questions asked!

Call 734/783-0470 today to get your free spotting kit with your appointment.

The fight to ban all tobacco billboard advertising in Michigan continues with approval of legislation by the House Transportation Committee. Senate Bill 341, which I sponsored, now awaits final approval by the full House of Representatives before it can be sent to the Governor for his signature.

Support for this ban is overwhelming. Local communities, such as Detroit and Warren, are considering similar restrictions. Additionally, more than 40,000 Michigan citizens, mostly schoolchildren, have signed petitions in support of SB 341 and polls have shown that a majority of citizens strongly favor banning billboard advertising by tobacco companies.

In addition, the U.S. Supreme Court upheld a similar ban in Baltimore, Maryland by refusing to hear arguments that a ban violates the right to free speech.

## Meeting

*Continued from Page 2*

advised that he had met with Mr. Preibe of Wayne County and they both inspected the bridge. While, there were no commitments made, we got the impression that at least the county was aware of our concerns.

Trustee Adkins seemed to stir the most comments when she spoke of the need for a woodland preservation ordinance. Her comments were sparked by the recent "defoliation" of trees that had been facing Sibley Road in front of TDSI. Apparently TDSI found it in their best interests to cut these trees down and Trustee Adkins decreed the loss of woodlands. She suggested the Planning Commission come up with an ordinance to protect the community from large-scale tree removal.

Trustee Glaab picked up Adkin's cue and indicated the Planning Commission should have a copy of Oakland Township's ordinance and Grosse Ile would also be willing to share their ordinance language with our township. He concluded his remarks on the subject but stating that he was not opposed to a citizen cutting down a tree but was concerned when an individual or commercial concern removed a "bundle" of trees.

## From The Desk Of Senator Bennett

Michigan has a tremendous opportunity to be a leader on this critical issue. Now is the time to ban tobacco billboard advertising from Michigan's roadways and protect children from the incessant assault by the tobacco companies.

Michigan could be close to

closing its borders to out-of-state garbage under a bill awaiting action in the House of Representatives.

Once the federal government grants states the authority to band out-of-stage waste, Michigan will be ready to stop trash coming from other states and Canada under State Senate

Bill 4, which I sponsored. This is extremely important as we work to reduce the number of landfills in this state and protect Michigan communities and natural resources.

Currently, Michigan is helpless to defend itself against the importation of certain types of trash from neighboring states

and Canada due to a Supreme Court decision forbidding any restraint against interstate commerce.

Michigan can slam shut its borders against tons of unwanted trash, just as soon as federal regulations are changed. Michigan should no longer be a dumping ground for what other states and Canada don't want.
